## Slipknot

Advisory - the following lyrics contain explicit language:

I play doctor for five minutes flat  
Before I cut my heart open  
And let the air out  
Three bugs, a pound of dust  
Some wind spilled before me  
In the strangest manner that had  
Broke away my tear spout! As I lie here  
With my tongue spread wide open  
A black widow had offered me  
A sweetheart tube  
As I injected  
The candid heart that I selected  
She said don't hesitate  
Just do what you like to do to me! It's hard to stay between the lines of skin.  
Just 'cause I have nerves, don't mean that I can feel.  
I wasn't very much fun to be with anyway.  
Just let the blood run red, 'cause I can't feel! It's hard to stay between the lines of skin.  
Just 'cause I have nerves, don't mean that I can feel.  
I wasn't very much fun to be with anyway.  
Just let the blood run red, 'cause I can't feel! Biding my time until the time is right  
Biding my time until the time is right  
Biding my time until the time is right  
Biding my time  
It's time! Biding my time until the time is right!  
Biding my time until the time is right!  
Biding my time until the time is right!  
Biding my time  
It's time! Biding my time until the time is right!  
Biding my time until the time is right!  
Biding my time until the time is right!  
Biding my time  
It's time! Biding my time until the time is right!

Biding my time until the time is right!  
Biding my time until the time is right!  
    Biding my time  
        It's time! Biding!  
            Biding!  
            Biding!  
        Biding! Yeah! Someone inside me  
Everyone against me Everyone beside me  
    Clawing away The pieces  
        Scratching away  
The absence One more  
    Two more  
Everyone, once more One more  
    Two more  
Everyone, once more Inside the places that I hide from you  
    I want to see you spread before me  
You, are, the only one, that I would rather see  
    Before me! You want it  
        You need it  
        You want it  
        You need it  
        You want it  
        You need it  
        You want it  
        You need it  
        I don't want  
I lied! You're wrong I'm wrong I want  
    I don't want, stupid, anyone  
        I want to die!  
        I want to die!  
        I'd rather die!  
        I want to die!  
        You bitch!  
        You bitch!  
You bitch! I don't! Need! You! Anymore!  
    I don't need You! It is time!  
        It is time!  
        It is time!  
        It is time!  
        It is time!  
        It is time!  
        It is time!  
        It is time!

It is time, it is time, it is time
