

Ancient Worship

Daps Dalyop Gwom

We ascend to the highest place in the spirit
We ascend with our prayer and thanks giving
We ascend to a realm in the highest of the heavens
We ascend to bring you worship cos you're worthy of praise
Kadosh Kadosh
Elohim you are one
Kadosh Kadosh
Hear the ancients singing

We ascend on the chariots of seraphims
We ascend singing melodies of Moses
We ascend to a realm on the mountains of fire
We ascend to hear strange sings from the mouth of Elohim
Kadosh Kadosh
Elohim you are one
Kadosh Kadosh
hear the ancients singing

We ascend with our new spiritual bodies
We ascend through the power of His resurrection
We ascend to be clothe with the glory of the age to come
We ascend with the shout of creation
We ascend to a realm in the highest heavens
We climb different heights different places in the spirit

Creation is groaning
The sons are emerging
The altars are rising with smoke
Rising from the sacrifice of our ancient worship
Our Ancient worship
Our Ancient Our Ancient
Our Ancient Worship

We ascend on the wings of the spirit
We ascend to the secret place in the spirit
We ascend to learn new songs in the spirit
We ascend to hear songs never sang by the earth
Kadosh Kadosh
Elohim you are one

Kadosh Kadosh
Hear the Ancients singing

We ascend with the tambourines of miriam
We ascend singing songs of the elders
We ascend to bring worship
We ascend to bring power
We ascend just to bow before Jehovah Saboith (x2)

We ascend as sons of the most high
We ascend to the deepest place in the spirit
We ascend to be clothed with the glory of the age to come
We ascend with the shout of creation
We ascend to be clothed with the beauty of the lord
We climb different heights different places in the spirit

Tabernacles are rising
And altars are rising with incense of worship and praise
Rising from the worship
Our ancient worship
Our ancient worship
Our ancient worship
Our ancient worship
