

Blush

Ben Lee

Come on, come on, come on, tell me your name
I think we spent a past life together
Come on, come on, come on, tell me your name
Lets get reacquainted, its so good to see you again
And anytime I feel the rush
I might say somethin to make you blush
When all the way is not enough
Some might say my love will make you blush
I dont, I dont, I dont want nothin back
I wanna love you like the sun loves you
I dont, I dont, I dont want nothin back
I wanna love you like the sun loves you
I bet youve never been loved like that
And anytime I feel the rush
I might say somethin to make you blush
When all the way is not enough
Some might say my love will make you blush
So walk away and act tough
When I say somethin to make you blush
'Cause always is not enough
Some might say my love will make you blush
My love will make you blush
And I know its cold so stand firm
and be bold
And I know it burns so hold tight and stand firm
'Cause hurt is the question, hurt is the question
Hurt is the question, hurt is the question
And love is the answer, love is the answer
Love is the answer, love is
Anytime I feel the rush
I might say somethin to make you blush
When all the way is not enough
Some might say my love will make you blush
So walk away and act tough
When I say somethin to make you blush
'Cause always is not enough
Some might say my love will make you blush
My love will make you blush
My love will make you blush
