

# Need You Tonight

Amerie

I mean  
I ain't gon lie to you  
See, you can have me  
If you wanna do something I can't say, I'll always be there for you  
And I can't say that you're the only one  
See all I know is whatever I'm feelin for you  
Seems to be so deep, deep in my soul And I and I might be a fool to want you babe  
But I ain't gon' lie, it's all about me tonight  
Don't wanna think about tomorrow, see I'm not sure what it is  
But the only thing on my mind is your kiss, your kiss baby 'cause I, I, I need you tonight, night, tonight to see  
you  
It feels so right right, all right just seeing you  
Need you tonight, baby come on  
I, I ain't never felt this way  
And tomorrow is just to late  
Take my hand baby, baby tonight See, see baby I, I ain't makin no promises  
It's just a urgency I feel, whenever you're next to me, it's so real  
And I and I just can't fight it no more, no more, no more  
Let me show you love like you ever knew before, before baby I, I, I need you tonight, night, tonight to see you  
It feels so right right, all right just seeing you  
Need you tonight, baby come on  
I, I ain't never felt this way  
And tomorrow is just to late  
Take my hand baby, baby tonight Take my hand  
Don't wanna think, don't wanna think about  
Don't wanna think I don't wanna think about tomorrow  
You are, you are, you are  
You are what I want you are what I need  
In my arms tonight I, I, I need you tonight, night, tonight to see you  
It feels so right right, all right just seeing you  
Need you tonight, baby come on  
I, I ain't never felt this way  
And tomorrow is just to late  
Take my hand baby, baby tonight I, I, I need you tonight, night, tonight to see you  
It feels so right right, all right just seeing you  
Need you tonight, baby come on  
I, I ain't never felt this way  
And tomorrow is just to late  
Take my hand baby, baby tonight I, I, I need you tonight, night, tonight to see you

It feels so right right, all right just seeing you  
Need you tonight, baby come on  
I, I ain't never felt this way  
And tomorrow is just to late  
Take my hand baby, baby tonight
