

Lycanthrope (feat. Danko Jones & Alexi Laiho)

Marty Friedman

Moonlight, possessed, shape-shift at night
Through trance, one breath, a howling sign
Goin' out, coming down now are ya?
Getting wasted on my brew (my brew)
Just don't tell me what the hell you're gonna do (gonna do)
Did you bring, bring your own booze
Are you done, are you gone for the day? (break it down)
Forgot to check your shit again (yeah yeah yeah)
I run with wolves
Say what again, what do you mean?
Lycanthrope at night
Where did you go, where have I been?
I run with wolves
Just so you know, that's a no
Lycanthrope at night
I don't care, BYOB and fuckin' leave
I run with wolves
It's a cereberus cry in the nighttime
A distant howl, a chill runs through your mind
Nowhere to run, nowhere to hide, no words to speak
Succumb now, join the pack or feel its teeth
(And through the screams you can hear the pack's growl)
So sick and tired of your language I cannot speak (can't speak)
Just L-O-L your ass back home (yeah!)
Blood...sect...old...soul
At night I run with wolves
Lycanthrope at night
Say what again, what do you mean?
Where did you go, where have I been?
Just so you know, that's a no
I don't care, BYOB and fuckin' leave
