World Eater

Bolt Thrower

World Eater
As silence roared through the gathered masses
You stared awaiting eagerly
Approaching darkness, decreasing your life expectancy
The tension is now rising
The calm before the storm
See you life flash before you
Will you live to see the dawn?
The enemy is now approaching
With bloodlust in their eyes
Intense fear is overcoming
For now death - You will defy
As the battle raged all dead and wounded
Bodies, carnage all you see
The white hot blast - Melting flesh
The searing pain is agony
You stand alone
The final parody
As you realise - Your mortality
For you cannot chance your destiny
To die at the hands - Of the unknown enemy
Your death - You can't deter
As the silence - Returns
World Eater
