

Available Light

Rush

The restless wind has seen all things in every kind of light
Rising with the full moon to go howling through the night
The sleepless wind has heard all things between the sea and sky
In the canyons of the city you can hear the buildings cry
Oh, the wind can carry all the voices of the sea
Oh, the wind can carry all the echoes home to me
Oh, the wind can carry all the voices of the sea
Oh, the wind can carry all the echoes home to me
Run with wind and weather to the music of the sea
All four winds together can't bring the world to me
Chase the wind around the world, I want to look at life
In the available light
Play of light, a photograph, the way I used to be
Some half forgotten stranger doesn't mean that much to me
Trick of light, moving picture, moments caught in flight
Make the shadows darker or the colors shine too bright
Oh, the light can carry all the visions of the sea
Oh, the light can carry all the images to me
Run to light from shadow, sun gives me no rest
Promise offered in the east, broken in the west
Chase the sun around the world, I want to look at life
In the available light
Oh, the wind can carry all the voices of the sea
Oh, the wind can carry all the echoes home to me
All four winds together can't bring the world to me
Shadows hide the play of light, so much I want to see
Chase the light around the world, I want to look at life
In the available light
I'll go with the wind, oh, the wind can carry
I'll stand in the light, oh, the wind can carry
I'll go with the wind, oh, the wind can carry
I'll stand in the light, oh, the wind can carry
I'll go with the wind, oh, the wind can carry
I'll stand in the light
