

Turning Me On

Tommy Page

I can't keep my eyes off you
Face to face, you're a dream come true
 Make me shake, the way you do
Sexually, I'm attracted to youYou're really, really turning me on
 (On, on, on)
 The more and more I stare at you
The closer I'm drawn'Cause you're really, really turning me on
 Really, really turning me
 Really, really turning me on
 (On, on, on)You've got me so mesmerized
 Tantalized, you've got me hypnotized
 Gazing deep into your soul
I can't help this, I'm losing controlYou're really, really turning me on
 (On, on, on)
 The more and more I stare at you
The closer I'm drawn'Cause you're really, really turning me on
 Really, really turning me
 Really, really turning me on
 (On, on, on)I never wanted to touch somebody
 The way that I want to touch you
 And I know that you feel the same way
So let's goTurning me, turning me, turning me on
 Turning me, turning me, turning me on
 On, on, on, on, on, on, on, on
Really, really turning me on, on, on, onI can't help myself when I'm next to you
 I'm holding back from doing things I want to do
 You better watch yourself 'cause I'm not that strong
 And you're really, really turning me on
 (On, on, on)Turning me, turning me, turning me on
 Turning me, turning me, turning me on
 On, on, on, on, on, on, on, on
 Really, really turning me on, on, on, on
