Now move it slow and let ya body roll ya'll

Now that's how ya do it!

Now that's really all it is to the Party Shout

You can pop it up top

Wiggle in the midde  
Sweep it down low and let ya body rock

Now if ya work real hard  
You gotta play hard too right...  
So just do it how ya wanna and dance it out

Feel it through ya body, move yo feet to the sound  
Put yo hands in the air, like ya just don't care  
And if you came here to party  
Well, then let me see you get down...

Now we gonna slow it down one more time for ya'll  
So ya'll can get ya'll groove on
