Lust Worthy

Angelspit

High school, popularity, rears up it's, ugly head again but with
pseudo-intellectual, degrees in, politics and wanking
jet black, matching uniforms, personality, image is everything
Re-enforce, Gender stereo types, in the new, hip alternative settingBeautiful, dead attack, all that glitters, is just blackCrash Dolly burn with me
like on TV
get dirty boy on me
so lust worthyLip Gloss, all she wears, false lashes, straight red hair
short skirt, a very short skirt, her thoughts count, only when she can't fight back
pervert, self inflicted rash, while you are, masturbating with your tongue
you are, only listening, 'cause of all the hype she attractsBeautiful, dead attack, all that glitters, is just blackCrash Dolly burn with me
like on TV
get dirty boy on me
so lust worthy
(x2)fuck them for selling it
fuck you for buying it
fuck me for making it
fuck it allI hate, therefore I ain't, I am nothing but my own disease
expired, used-by-date gone, rotten core, but I am still for sale
disgrace tragedy breeds the best trashy magazine success
you will watch me fall, the truth is you are nextBeautiful, dead attack, all that glitters, is just blackCrash Dolly burn with me
like on TV
get dirty boy on me
so lust worthy
(x4)
