Tourniquet

Jeremy Messersmith

When I see you crying
If your tears run out
I will lasso you a thunder cloudWhen you're tired of trying
I won't stay away
I don't care what other people sayWhen there's nothing left to do
I pull you close and wrap my arms around youNo, I won't let you slip
I'll be your tourniquet
No, I won't ever quit
I'll be your tourniquetWhen you've been forgotten
Labeled left for lost
Given up, knocked down, and written off
When you feel like dying
Think you won't be missed
I will be there in an ambulanceWhen there's nothing left to do
I pull you close and wrap my arms around youNo, I won't let you slip
I'll be your tourniquet
No, I won't ever quit
I'll be your tourniquet
(repeated until the end)
