

# Beautiful Day

## The Benn Sisters

What a beautiful day that sunshine's through the window  
What a beautiful way you show me that you care  
Take my hand and we'll go walking down by the sea  
And I'll take the memory of this love with me everywhere

Well yesterday I thought my love was over  
Sad and lonely deep down in my soul  
Then I heard from you and once I felt better  
I knew I had a dream to have and hold

Chorus

Music break

Well I've always been hungry for affection  
Too and from the darkness to the light  
And I hear your sweet voice  
And I know how much you love me  
The beauty of this moment gives me sight

Chorus X 2

And il take the memory of this love everywhere
