Curiosity (feat. Redman)

Aaron Hall

Some people all about the dollar bill
It's quite a shame, that ain't really how you oughta feel
It's all the same, everyday, how you gotta deal
With all the pain, but in time it is gonna healWe never change for anybody that would just be insane
Light a flame
Rock it back and forth
Let me take you away
With my words, I heard
Someone kicked it to the curb
Keep your head held high like you're cheefin' on the herb
It's absurd
The way the dollar bill rules life
Two types
Of people on this earth
Who's right?
One side's controlled by material things
Others live for experience and everything it brings
I'm the king of the latter
Sing about what matters
At the ball park with my friends
Swing batta batta
Just another summer's day
Watch the sun fade away
All I gotta say is we'll never changeGet away from it all not a care in the world
Watch the sun hit the water as the wave's curl, hey
No plans, but a drink in my hand
No shoes, no shirt
Swimsuit, ray bans
Get away from it all no one knows where we're hiding
Come on baby girl, water's fine, just dive in
Ain't a dream so open your eyes
We're just livin' in paradise
Oh, whoa, oh
Swear we'll never change
So come with me, come with me
Beach side's where we're gonna be
Smile and enjoyin' the world that we livin' in
Party on an island somewhere in the caribbean
Somewhere tropical, underneath the hot sun

Not a worry in the world we ain't got one
Shotgun
Another brew by the deep blue
Never goin' home
'Cause we really don't need toI'm feelin' irie
Congo line right behind me
We gettin' lively
Chillin' in hawaii, yeah
Takin' shots like kyrie
Take a couple more now you in my league
Come vibe with me, get high with me
I know we don't know each other's names
Where we wanna be
Blue skies and see
Yeah we'll never changeGet away from it all not a care in the world
Watch the sun hit the water as the wave's curl, hey
No plans but a drink in my hand
No shoes, no shirt
Swimsuit, ray bans
Get away from it all no one knows where we're hiding
Come on baby girl water's fine just dive in
Ain't a dream so open your eyes
We're just livin' in paradise
Oh, whoa, oh
Swear we'll never changeWe're never changin', we'll stay the same and
We'll never change at allGet away from it all not a care in the world
Watch the sun hit the water as the wave's curl, hey
No plans but a drink in my hand
No shoes, no shirt
Swimsuit, ray bans
Get away from it all no one knows where we're hiding
Come on baby girl, water's fine, just dive in
Ain't a dream so open your eyes
We're just livin' in paradise
Oh, whoa, oh
Swear we'll never changeJust me and youWe're just livin' in paradise
