With a Spirit (Bluesolar Remix)

009 Sound System

You can be
Whatever you want
When you're high
Walk slowly
With a spirit by your side
(Oh baby)
Don't fear if you lose your mind
Say how you doin' boy I'm feelin' fine
When somethin' carries me away... hey hey hey heyDon't think
Just take a ride
Don't believe
That Jesus lied
To keep us all so satisfied
With a sale
You should know babyDon't feel
The thorny nights
Never ask
For holy rites
Don't ya think
That God has died
This timeAnd don't stop
Takin' these drugs cuz' they
Got you flyin' forgettin' yesterday
Maybe it's crazy but keep gettin' stoned while you can
Baby in the lord's handsDon't say
You know what's rightDon't take
Those alibis
Don't hate
The other side
When they're right
Sure they are babyDon't wave
Your flag up high
Don't praise
Your concubines
Did you just
Fall for lies
This time
