Roll Forever

White Arrows

Roll forever see things from my world
Roll forever feeling invincible

You know I know
It's something good
Do you come down

Drop together touching lives of old
Drop together wine turns to gold

You know I know
Its something good
Do you come down

I want
To see you
To be sure
To be yours

I know
You don't want
To see me
Anymore

I want to be more
To see you
I am sure
