Falling Up

Run away

Run away

Breath this in the waters way

waters way

Wide awake

Wide awake

Starts to pull him

In this race

in this race

To question who you

Are

Are

Erase everything within you will feel

Erased now

Erase every thing within you will feel erased now

Every day,

Every day

houses full of no escape

No escape

Starts to feel him

in this place

in this place

to ? who you

are

are

erase every thing within you will feel erased now

erased every withing you will feel erased now.

Who am I?

Now who am I?

I will face

Who am I?
Now who am I?

I will fade.

Erase everythin within you will feel erased now.
Erase every thing within you will feel erased now.
