Forgiveness

Jah Mason

I'm lost and scared to live this life
I thought i'd always be strong
This rage this dark side i don't want to see
Lays there... Lays there... lays there...
There on the bottom inside
Looking lost like a child
But i know that you're mine
We only need...
Forgiveness our key to the world
Forgiveness i'm frightened to deserve
Forgiveness all that we need
It's forgiveness i am not sure i know...
It was the love untaught
Trapped in your mind

So empty with me...
A silent stone that struck my heart
While i looked for a sign a sign...
You felt the pain
You felt the fear
But you chose not to see
Made it your destiny,
Is it time for...
Forgiveness... For we have paid
Forgiveness is our key to the world
Forgiveness for the love untaught
It's forgiveness i'll be... Waiting for...
Forgiveness... For we have paid
Forgiveness is our key to the world
Forgiveness for the love untaught
It's forgiveness i'll be... Waiting for...
