

# Without You

## Van Halen

Hey you, wake up, get yourself together  
Yeah you, so you think you made it better  
'Cause you know it's coming at you  
While your back is turned  
Look too long and I can't help you  
Clear your head, find a way home  
Better make up your mind  
First you say that you will  
Then you say you won't  
Well, I'm just trying to figure, yeah  
Try and figure you out, yeah yeah  
How long can this go on?  
Tell me what is wrong  
So maybe there's a way  
That we can work it out  
There must be some kind of way  
That we can make it right  
But I, I just can't do it all  
Without you, not without you  
Hey fool, wise up, better late than never  
Yeah you, you know that nothing lasts forever  
Nobody ever told you that your time is running out  
Too bad and I can't help you  
How long can this go on?  
Tell me what is wrong  
And maybe there's a way  
That we can work it out  
There must be some kind of way  
That we can make it right  
But I, I just can't do it all  
Without you, without you

The point I'm trying to make  
You got to give more than you take  
You gotta give, give more than you take  
Got, yeah, got to, got to, got to work it out  
Aa, yeah, yeah, yeah, yeah  
Yeah  
There must be some kind of way

That we can make it right  
But I, I just can't do it all  
Without you, not without you  
There must be some kind of way  
That we can make it right  
But I just can't do it all  
Without you  
We'll find a way  
A better way  
(You got to give more than you take)  
We'll find a way  
(Only point I'm trying to make)  
A much better way  
(You got to give more than you take)  
We'll find a way  
(Oh, give a little bit more)  
A better way  
(Yeah, give a little bit more)  
We'll find a way  
(Give a little, give a little, give a little bit more)  
A much better way  
(You got to give, give a little bit more)
