Drop Dead Gorgeous

Short Stack

Baby, everything you say, say
Shoots me through the chest
Yeah, everytime everytime
Maybe, we can only pray, pray
I want to digress
Yeah everytime
And I'm gone to
Pretending this way out, to
Here we go again
My dearest to my love
We write these letters, pump the stereo
(Here we go again)
(Go, go, go again)
(Here we go again)
(Go, go, go again)
[Chorus:]Can you turn off the lights and radio
(and up the stereo)
Can you turn off the lights and radio
(and up the stereo)
(I just don't care)
Hope you drop dead gorgeous
(I just don't care)
Hope you drop dead, anyway.
(Anyway)
Baby, everything you do, do
Dries my lonely lips
Yeah, everytime everytime
Could you
Collide with my lies, lies
Crashing with my stitch
Yeah everytime
And I'm gone to
Pretending this way out, to
Here we go again
My dearest to my love
We write these letters, pump the stereo

(Here we go again)
(Go, go, go again)

(Here we go again)
(Go, go, go again)
[Chorus:]Can you turn off the lights and radio
(and up the stereo)
Can you turn off the lights and radio
(and up the stereo)
(I just don't care)
Hope you drop dead gorgeous
(I just don't care)
Hope you watch me hit that..
HIGH (woo)
You know it's all because of you
(Here we go again)
(Go, go, go again)
(Here we go again)
(Go, go, go again)
When he goes away..
Away!
(I just don't care)
Hope you drop dead gorgeous
(I just don't care)
Hope you drop dead gorgeous
(I just don't care)
Hope you drop dead gorgeous
(I just don't care)
Hope you die to hear me say
(I just don't care)
Hope you die to hear me say
(I just don't care)
Hope you die to hear me say
(I just don't care)
Hope you die to hear me say
(I just don't care)
Hope you drop dead gorgeous.
