

Find Me A Man

Emilie Autumn

I'm just a girl
That doesn't like the thought of being alone
I need to be loved and held real close
I'm the kind of girl
That needs to be caressed and kissed so soft, yeah
There's no better way, to turn me on
I need a man who
Who's gonna treat me right
I need a man who'll, be with me every night
So I've gotta Find me a man
Sensitive eyes
One who understands
Love is stronger than pride
So I gotta
Find me a man
A sensitive mind
Not just any man
One of a kind, oop I'm just a girl
That likes a man that knows his right from wrong
One that will keep his lovin' at home
I'm the kind of girl
Who likes to please her man the whole night long, ooo
But he's gotta please me just as long
I want a man who
Who's gonna treat me right
I need a man who'll, be with me every night
So I gotta Find me a man
Sensitive eyes
One who understands
Love is stronger than pride
So I gotta
Find me a man
A sensitive mind
Not just any man
One of a kind, whoa I know what I'm looking for, and I know
He's gotta be wonderful, 'cause I know
I am too beautiful, to settle for nothing less, ooh
Know what I'm searchin' for, yes I know
It's someone incredible, don't you know?

That I won't give up until I've found the perfect man

So I gottaI gotta find me

Gotta find me a guy

So I gotta find me, find me

Find me a man

Not just any man

One of a kind, hoFind me a man

Sensitive eyes

One who understands

Love is stronger than pride

So I gotta

Find me a man

A sensitive mind

Not just any man
