## The Rarely Herd

Dream All Thru The Night -Jeff Weaver, Rarely Herd Music, BMI

Sweet summer dress doesn't match blue eyes  
Water lily pink and white  
Run my fingers thru her hair so fine  
Dark as a crow at night

There are dreams that can seem so real  
Swear they can come alive  
If I could record it, I'd play it all the time  
Dream all thru the night

We danced on the water, flew around the stars  
Climbed a mountain high  
I took her to Paris, sailed down the Nile  
Suddenly she waved goodbye

There are dreams that can seem so real  
Swear they can come alive  
If I could record it, I'd play it all the time  
Dream all thru the night

And I would give her anything she wants  
Anything her heart desires  
If I could record it, I'd play it all the time  
Dream all thru the night

Sweet summer dress doesn't match blue eyes  
Water lily pink and white
