

# I Can't Dance

## Ricochet

She don't have to fake it that girl was born to shake it  
Stompin' on the hardwood floor like she's gonna break it  
She's the main attraction how can I get in on the action

Well there's only one way to get next to her

I can't dance, but I'm willin' to learnI'm a roper and rider, I'm a lover and a fighter

I'm a mud-slingin' son-of-a-gun and a 4-wheel driver

But tonight I'm confessin' I might need her to give me a lesson

Say baby can you teach these old boots to burn

I can't dance, but I'm willin' to learnI can't dance, but I'm willin' to learn

Takin' my number and waitin' my turn

Cowboy's comin' from miles around

Just to be her partner when the two-step comes aroundHoney, please won't you show me

I might fall, baby, you'd better hold me

Yeah, bein' out here takes a lotta nerve

I can't dance, but I'm willin' to learnOh, I can't dance, but I'm willin' to learn

Takin' my number and waitin' my turn

Cowboy's comin' from miles around

Just to be her partner when the two-step comes aroundIt might take me forever but I'll follow you till I get better

We can go all night as far as I'm concerned

I can't dance, but I'm willin' to learn

Baby can you teach these old boots to burn

I can't, I can't, I can't dance, but I'm willin' to learnI can't dance, but I'm willin' to learn

I can't dance, but I'm willin' to learn
