

# Swing It Bob! (feat. Bob Tutupoly)

## Mocca

Hello dear what can i do for you?  
will you go and swing along tonight?  
just take a step and theyll do the rest  
just let it flow..and you will glow  
just like a moonbeam up in the sky tonightnver mind, troubles that may have come  
just go along with the tunes the bad are playing  
but lets go and dance  
do the tango or a mambo jumbo i dont caredo the cha cha cha  
do the tango  
do the samba  
or perhaps play something sweet slow and nice like a waltz?naa i prefer to go swinging
