

Swing It Bob! (feat. Bob Tutupoly)

Mocca

Hello dear what can i do for you?
will you go and swing along tonight?
just take a step and theyll do the rest
just let it flow..and you will glow
just like a moonbeam up in the sky tonight
just go along with the tunes the bad are playing
but lets go and dance
do the tango or a mambo jumbo i dont care
do the cha cha cha
do the tango
do the samba
or perhaps play something sweet slow and nice like a waltz?naa i prefer to go swinging
