

Somebody (Funky Junction & Ariano Kina Remix)

Salt Ashes

Somebody, somebody, somebody, somebody

Somebody, somebody, somebody, somebody

Somebody take me away

Somebody somebody

Somebody keep me away

Somebody somebodyScream inside

Can set this room alight

you got my senses high

is she with you

into me like

bullets through a screen

my heart is no machine

and now its hold me down

you pushed the arrow in

just as I'm over the burner

hiding under a dim

somebody take me away

from the love anxiety society

somebody keep me away

from the love anxiety societyvirgin stare

like its Broken air

light a cigarette

is she with you

losing me

the girl i used to be

so its a threat to see

before you drag me down

you push the arrow in

just as I'm over the burner

hiding under a dim

somebody take me away

from the love anxiety society

somebody keep me away

from the love anxiety society

somebody keep me away

from the love anxiety societytake me, ta-ta-take me away

take me, ta-ta-take me away
