

We Own the Night

Selena Gomez & the Scene

We own the night
We own the night Another day is done and I've begun
When the moonlight come, I'm free to run
Wanna have some fun, erase the sun tonight
(Tonight, tonight, tonight) I wanna burn some money that I don't got
Just line them up, take every shot
Gonna sign the check like an autograph tonight
(Tonight, tonight, tonight) (Hey)
You ready for the rock show?
(Hey)
Bling, bling in your Limo
We boom boom like an echo
Come, come, come to the floor, yo (Ah)
He'll wanna come with me
I'll make you a believer
You won't believe what you see
(T-t-tonight) When the sun goes down on the Boulevard
That's when we all turn into stars
We own the night, we own the night, we own the night
(Everybody, everybody) When the sun goes down on the Boulevard
Go with the system, no matter who you are
We own the night, we own the night, we own the night Don't need no VIP, don't leave your drinks on me
I keep your bubbly, I get mine for free
Turning up the glass, kick it in your face tonight
(Tonight, tonight, tonight) (Hey)
You ready for the rock show?
(Hey)
Bling, bling in your Limo
We boom boom like an echo
Come, come, come to the floor, yo (Ah)
He'll wanna come with me
I'll make you a believer
You won't believe what you see
(T-t-tonight) When the sun goes down on the Boulevard
That's when we all turn into stars
We own the night, we own the night, we own the night
(Everybody, everybody) When the sun goes down on the Boulevard
Go with the system, no matter who you are
We own the night, we own the night, we own the night

(Everybody, everybody)Hands up, hands up, people put your hands up
Hands up, hands up, everybody get your hands up
We own the night, we own the night, we own the nightCan't hold back the dreamer the way that I feel
I'm tired of waiting, I'm making it real
We're gonna take this down tonight
We own
(The night)
We own
(The night)Can't hold back the dreamer the way that I feel
I'm tired of waiting
(I'm tired waiting)Are you In? Are you out?
'Cause the party's about to jump off of the roof
(The roof)
The roof is on fire, fire, f-f-fire, fireWhen the sun goes down on the Boulevard
That's when we all turn into stars
We own the night, we own the night, we own the night
(Everybody, everybody)When the sun goes down on the Boulevard
Go with the system, no matter who you are
We own the night, we own the night, we own the night
(Everybody, everybody)Hands up, hands up, people put your hands up
Hands up, hands up, everybody get your hands up
We own the night, we own the night, we own the nightAre you coming or what?
