Mr. Lunt: And if you went away, my heart would never heal

Mr. Lunt: there's something missing in my middle and it's hard to ignore

Lunt: Baby!

Chorus

Khalil: Bellybutton!

Boyz: Uh, uh

Khalil: Bellybutton!

Boyz: Uh, uh

Khalil: You say your bellybuttons missing, there's no reason for alarm

Its a common thing for gourds, it wont do you any harm

Youre technically a fruit and with that much being said;

Your umbilical equivocal is up there on your head!

You could opt for a prosthetic but of course you'd have to know

It'd be covered by your shirt, but not your HMO

Khalil: Bellybutton!

Boyz: Uh, uh

Khalil: Bellybutton

Boyz: Uh, uh

Mr. Lunt: a stylish something absent from my midriffs dcor

Boyz: there's this thing about himself he's never told you before

Lunt: Baby!

Boyz: He need to tell you something
Mr. Lunt: I don't got a belly button
Oh I need to tell you something
Boyz: Have you figure it out
He don't got a belly button
Boyz: Belly button no, oh no no
Lunt and Boyz: No belly button!
