

# Back Into You

Sammy Hagar

20-20 there's nothin' wrong with my vision  
Yet I can't seem to make a good decision  
Ooh I can hear alright except for good advice  
If I blow it once, it ain't gonna happen twice I hate to say it but I never should have let you go  
But now I'm back to let you know I'm back into you, all the way inside  
Back into you, every inch each time  
I'm back into you, 'cause I've played around  
But now my aim is true and it feels so good to be back  
I'm back into you Oh strange people, they make me a little bit shy  
A familiar face always catches my eye  
Socially I like to hang out in the comfort zone  
'Cause when it comes to love, baby I got to feel at home, yeah I hate to say it but I never should have let you go  
But now I'm back to let you know I'm back into you, I'm all the way inside  
Back into you, every inch each time  
I'm back into you, 'cause I've played around  
But now my aim is true and it feels so good to be back  
I'm back into you  
I'm back First time around I know it was hard on you  
Now I'm back to follow through Back into you, all the way inside  
I'm back into you, every inch this time  
Back into you, 'cause I've played around  
But now my aim is true and it feels so good to be back I'm back into you, I'm all the way inside  
Back into you, every inch each time  
Back into you, all the way it's so good to be back  
Back into you, baby  
Back into you  
Back into you
