

Everything

Anouk

Now I believe that what I used to think was a lie
Is really alive
Now I can see there's only one place to reach
Only one thing to preach and that's the highest
It's the strangest thing that I can feel so much
There is no reason, there is no logic to feelings
'Cause when love is the dealer I'm addicted
So fascinated, I can't stop this constant craving
You're contagious
It's the strangest thing that I can feel so much
For someone, somehow
It's the strangest thing that I can feel so much
For someone, somehow
And I cannot hide, even if I try
You mean everything to me
Any fool can see, what you've done to me
You mean everything to me
And when you're not here, I just cry
And when you're not here, I could die
Ya, the best is still to come, dear
Ya, the best is still to come for us
Ya, the best is still to come, dear
Ooh, the best is still to come for us
It's the strangest thing that I can feel so much
For someone, somehow
It's the strangest thing that I can feel so much
For someone, somehow
And I cannot hide, even if I try
You mean everything to me
Any fool can see, what you've done to me
You mean everything to me
And when you're not here, I just cry
And when you're not here, I could die
I could die
I could die
And I cannot hide, even if I try
