Music Is The Key

Sarah Connor

...listen people...
...Sarah Connor...
...Naturally Seven...
...Music Is The Key...
[Verse:]People - have always been singing
To wipe away tears
To ease all their pain
Music - has always been healing
Some people just sometimes
And others again and again and again
[Bridge:]So we hope that today you are ready
To understand
[Chorus:]Whenever you're falling down
Hopeless and pushed around
Find your own melody
Trust me that music is the key
It makes you feel proud and strong
Helps you to carry on
If you are down on your knees
You should sing it with me
Music is the key - sets you free
[Verse:]Stories - we've always been telling
It's part of our nature
To speak with a friend
[Bridge:]So we hope that today you are ready
To understand

[Chorus:]Whenever you're falling down
Hopeless and pushed around
Find your own melody
Trust me that music is the key
It makes you feel proud and strong
Helps you to carry on
If you are down on your knees
You should sing it with me
Music is the key
[C-part:]It's the key to the heart of all people
It can open the door to your soul
It's the key to a world

Where the flower of love
Always grows - don't you know...
[Chorus:]Whenever you're falling down
Hopeless and pushed around
Find your own melody
Trust me that music is the key
Whenever you're losing faith
Just wanna leave your place
Come sing along with me
Trust me that music is the key
Just sing with me loud and strong
Help us to carry on
If you are down on your knees
You should sing it with me
Music is the key - sets you free
... Music is the key ...
