No Love

Little Dragon

No sympathy really here All the sweetness is left somewhere On some street, miles from where we seem to be No love, no loveNo compassion really here Even the reason why we met has vanished in the air You keep talking while I sit and glare Just can't understand how it disappeared, noNo love in this room, no love left in here No love in my soul left for you No love left in here, no love in this room No love in my soul left for youSo I sit and wait till it appears Hopefully someday soon, hopefully before next year I just sit and I glare Its a mystery how it vanished, how it left me hereOh, my heart's so bare Nothing left to share Oh, where did it go, withered away Give me love that will stayNo love in this room, no love left in here No love in my soul left for you No love left in here, no love in this room No love in my soul left for youNo love left in here, no love in this room No love in my soul left for you No love in this room, no love left in here
