

Feel Good Sunshine

[Tim Myers](#)

When the bluebirds come out to sing
I hear a melody
So sweet A beautiful song and
I hear laughter as children play
It's a perfect day
To say
I'm glad that I'm alive Feel good sunshine
I open my eyes
Feel good sunshine
I look to sky
When it is grey
There will be brighter days
My peace of mind, feel good sunshine When the storms come and toss the sea
I hear a symphony
Resound I do recall in darkest days and in darkest times
Yeah I once was lost
And blind
But that's when I find Feel good sunshine
I open my eyes
Feel good sunshine
I look to the sky When it is grey
There will be brighter days
My peace of mind, feel good sunshine
Feel good sunshine
I open my eyes
Feel good sunshine
I look to the sky When it is grey
There will be brighter days
My peace of mind, feel good sunshine
