

# Falling Apart In a (Crow)ded Room

## A Skylit Drive

Shut down and reignite.  
I spit out what I breathe.  
Through the dust and decay.  
I can't touch what I see.  
A reflection of me. Disengage the machine.  
Let the light fade away.  
Through the ash in the streets.  
As we fall into the grey.  
Into the fray.  
Take me away.  
Into the grey. I shouldn't stay but I can't let you go.  
We're face to face yet stand alone.  
I'm just a slave of a life split in two.  
Falling apart in a crowded room. You can choke on your greed.  
You can swallow the plague.  
I won't buy what is free.  
You're the one that will pay. In the land of the free and the home of the fake.  
We're consumed by disease.  
As we fall into our graves. I shouldn't stay but I can't let you go.  
We're face to face yet stand alone.  
I'm just a slave of a life split in two.  
Falling apart in a crowded room. I can't let you go.  
Shut down and reignite.  
We are the dust that whispers.  
Ash from a fire inside.  
Death on the wind.  
We whisper. I can't let you go.  
We're face to face yet stand alone.  
I'm just a slave of a life split in two.  
Falling apart in a crowded room. I shouldn't stay but I can't let you go.  
We're face to face yet stand alone.  
I'm just a slave of a life split in two.  
Falling apart in a crowded room. I shouldn't stay but I can't let you go.  
I can't let you go.
