All I See Is You

The Cooper Temple Clause

All I Need Is YouAll I need is you
To take me to the good times
Know that when were one
Love will be the lifeline
Shelter in the storm
See you in my minds eye
Cause all I need is youWhen we are apart
Time is hard to measure
Wish upon a star
Never saying never
Walk through any door
Hostage of a heartbeat
Well always be as oneAll I need is you
Not just illusionWe can live a lifetime together
Patterns in the great designAll I need is you
To allways live forever
All I need is youI hope you never travel
A solitary journey
This life is sharing
The flame that keeps on burning
Mend a broken heart
Sail upon the ocean
Two hearts that beat as oneAll I need is you
Not just illusion
We can live a lifetime together
Patterns in the great designAll I need is you
To always live forever
All I need is youI reach across the distance to touch you
I hear your voice and everythings right
You know that I will never forget you
I couldnt stand the loneliness of living like I doAll I need is you ...
