

Wait And See (Christian Strobe Remix)

Holy Ghost!

In a dream oh I hate how you make me feel
Love is safe in the blink of an eyelid
The outer change to
Now the problems with me are in you In the cut, in the heart of the darkness
I feel as though, I feel dark I feel heartless
Are you feeling love too?
Now the problems with me are in you [Chorus]
Well you promise to be honest with me
Were you being honest tell me honestly
Cause you got me worried, worried, worried
I guess I'll have to wait
I guess I'll have to wait and see Wait to your, your the kind that are fine without anyone
Cause the night is the time where I meet the girl
The father who guards her from love Way to late oh I hate how you make me go ahead and wait
And I guess I feel lately that I'm in a state too
Now the problems with me are in you [Chorus] [Repeat: x3]
Ohh ooh ooh
