Confetti

Spectrals

Girl I'm glad we're going steady,
I've had enough fun already,
Enough to last me a whole lifetime,
Turning my stomach inside out,
Never seemed like my idea of a good night out,
In fact, I never said "goodnight" and meant it,
Until I was with you,
Until I was with you.Girl I'm glad we're going steady,
I've had enough fun already,
Enough to last me a whole lifetime,
Can a cringe pass as a smile,
And would those girls have noticed if it did,
If what you call fun is courting,
Bring on the confetti,
Bring on the confetti,
Bring on the confetti,
Bring on the confetti.
