Me and You

Kim Richey

I could say I didn't love you
You could say you never cared
We'd both know that isn't trueMe and you
Me and youI don't let too much get to me
I shake it off like rain
I've raised the glass in memory toMe and you
Me and you
Me and youSeems like the things got rough
Oh, it wasn't good enough
Oh, I tried to patch things up
Alas, we have to hold on toMe and you
Me and you
Me and youWe could shuffle through reasons
Why bother keepin' score
We got blame enough for twoMe and you
Oh, me and you
Me and you
