

Fading Star

Weaving The Fate

Today, I'm sinking even further
Straight down than I was before.
I had a strong foundation,
but now I'm broken to the core.

Thought that I would always have you here,
Right beside me
And we'd leave so much behind...

Just to be
Just another fading star
Just another fading heart
Just a never fading story.
Knowing all that we have lost,
Knowing what our dreams have cost,
Just another fading story.

I realize you're caught up
With what I've been chasing for so long.
But now it's different that I thought of
When I thought of it when I was young.

But I will always have you here...
Right beside me.
And we'll leave so much behind...

Just to be
Just another fading star
Just another fading heart
Just a never fading story.
Knowing all that we have lost,
Knowing what our dreams have cost,
Just another fading story.

Yeah...

Just to be
Just another fading star
Just another fading heart
Just a never fading story.

Knowing all that we have lost,
Knowing what our dreams have cost,
Just another fading story.
