

# Enemy

[Chris Cornell](#)

Every time the blood runs to my head, I hear the ring  
Something to remind me I'm not dead or caught in between  
I listen to the voice and what it says, it's never sweet  
Something I was born into I guess, living in me No prize, nothing I pay will make it all alright  
Nothing I see will make it lose sight  
Nothing I take will make me sleep at night, sleep at night When I look within I feel like I should be running  
Running, running, running  
I will never shake this feeling 'till I feel nothing  
Nothing, nothing, nothing I am the enemy, enemy, enemy inside of me  
Enemy, enemy, enemy  
I am the enemy, enemy, enemy inside of me  
Enemy, enemy, enemy Every time I take another breath I feel the sting  
Everyone around me seems so numb, I feel everything No prize, nothing I pay will make it all alright  
Nothing I see will make it lose sight  
Nothing I take will make me sleep at night, sleep at night When I look within I feel like I should be running  
Running, running, running  
I will never shake this feeling 'till I feel nothing  
Nothing, nothing, nothing I am the enemy, enemy, enemy inside of me  
Enemy, enemy, enemy  
I am the enemy, enemy, enemy inside of me  
Enemy, enemy, enemy Taking my time to untangle the wires  
And stare into my sanity  
Dropping the hammer and pulling the trigger  
I know now the bullet is me I am the enemy inside of me  
I am the enemy, enemy, enemy inside of me  
Enemy, enemy, enemy  
I am the enemy, enemy, enemy inside of me  
Enemy, enemy, enemy, I'm the enemy I should've looked back sometime alone  
I should've looked back sometime alone  
I should've looked back sometime alone, a long time ago I should've looked back sometime alone  
I should've looked back sometime alone  
I should've looked back sometime alone, a long time ago
