

Love Wouldn't

[Kelli Williams](#)

Somebody told me that Love wasn't easy
And Somebody told me that love would make me cry
Well I guess I'm just trying to find
the reasons that lie behind
cause as I grow closer
He only proves his self one more time
(Chorus)

Chorus:

Well I guess they don't know bout his love
What in the world could they be thinking of?
Cause I know love, love wouldn't do me
That way ay, ayyyyyy
Cause I know love, love wouldn't do me
That way

One day love called my heart and it said
Won't you come with me? (oh Lord)
I will turn things around if you just
Trust and believe me (ohhh)
Now I don't have to look anymore
Cause I found all I been searching for
And as I grow closer
He only proves his love one more time
(Chorus)

You came down to save me
The gift of love and joy you gave me
Now I'm convince (Now I'm convince)
though they try to denied (though they tried)
You will be by my side (You will be by my side)

Cause I know love, love wouldn't do me
That way ay, ayyyyyy
Cause I know love, love wouldn't do me
That way

(Chorus)
