The Best You Ever Had

Marissa Nadler

I was going to see you today
Yes its been so long
Maybe it is for the best
To keep you in song

Call me a lover
Call me the best you ever had
I know youâ€™re wrong

There was a time
A New York phase
Like the back of my palm
Like the back of my palm

Then the snow came and
Trapped me inside
With all these things

Yes I see you
All of the time
In these dreams

Call me a lover
Call me the best you ever had
I know youâ€™re lying

There was a time
A New York Phase
Like the back of my
There was a time
A New York Phase
Like the back of my
