Get Nice!

Zebrahead

A cheap thrill, new pill
Take a ride (I like it!)
It's a fresh kill, keep still
I'm on your side (I like it!)
It's all uphill, that shit'll make you cry (I like it!)
If you fly I'll buy
If you do I'll die
And we can hit the ground running til we start to bleed
And stay up all night, never fall asleep
If the world caves in, just count to 3, go
1, 2, 3, go!
Woah oh oh oh oh oh
Woah oh oh oh oh oh
Somebody stop this world from spinning
Cause we're never giving in
And we can't stop from believing
We will rise again (hey, hey, hey!)
Somebody stop this world from spinning
Cause we're never caving in
And I can't stop from believing
We will all rise up again
A new wave, nice save
Start a fight (I like it!)
It's a close shave, misbehave
And go all night (I like it!)
You're an enclave, so brave
Wound so tight(I like it!)
If you try, I'll try
If you do, I'll die
And we can hit the ground running til we cannot see
And party all night never fall asleep
If the walls cave in just count to 3, go
1, 2, 3, go!
Woah oh oh oh oh oh
Woah oh oh oh oh oh

Somebody stop this world from spinning
Cause we're never giving in
And we can't stop from believing

We will rise again (hey, hey, hey!)
Somebody stop this world from spinning
Cause we're never caving in
And I can't stop from believing
We will all rise up again
If you lose heart
Then you got to pull yourself up
A brand new start
When everything tensed up
Can't break apart
When you really get a sense that
You are not alone!
Cuz I can hold on (hey!)
If you throw your hands up
It won't be long (hey!)
If you throw your hands up
We can prove them wrong(hey!)
If you throw your hands up
Throw your hands up (hey!)
Throw your hands up!
Somebody stop this world from spinning
Cause we're never giving in
And we can't stop from believing
We will rise again!
Somebody stop this world from spinning
Cause we're never giving in
And we can't stop from believing
We will rise again (hey, hey, hey!)
Somebody stop this world from spinning
Cause we're never caving in
And I can't stop from believing
We will all rise up again
We will all rise up again
We will all rise up again
