

Until the Stars Fall

Go Fish

Proverbs 20:24, 14:15, 16:3 Well, I know we see
The same blue sky
But there's a different shade of blue
Between you and I
And I want to say
What's on my heart
But you might not see the light
'Til you know the dark
If may be miles away
Or it could break through today Are you gonna wait 'til the
stars fall from the sky
To call on heaven
What's gonna take to make you realize
the life we're given here is not the end
Believe and it begins
Are you gonna wait 'til the
stars fall from the sky I pray somewhere
There will come a time
Hope and doubt will cover you
Closer to the line
And the truth will dawn
Like the light of day
And in that moment you will
Take a leap of faith
It may be miles away
Or it could break through today Are you gonna wait 'til the
stars fall from the sky
To call on heaven
What's gonna take to make you realize
the life we're given here is not the end
Believe and it begins
Are you gonna wait 'til the
stars fall from the sky Everything we see reveals
The One who made it so (look around)
And even God himself came down to show
The lengths that love will go Are you gonna wait 'til the
stars fall from the sky
To call on heaven
What's gonna take to make you realize

the life we're given here is not the end
Believe and it begins
Are you gonna wait 'til the
stars fall from the skyAre you gonna wait 'til the
stars fall from the skyAre you gonna wait 'til the
stars fall from the skyAre you gonna wait 'til the
stars fall from the sky
