Back In Love

Vanessa Amorosi

I'm falling back in love with you my darling
I promised more than I gave and swore
That I'd never fall in love with someone like you
That's kind of like me
So I'd like to stay far away for now
And see how things go and find out
If someone like you could ever need me
Ooh, I think I'm back in love again
But I can never stay 'cause we drive each other away
And I think I'm back in love again
But we said our goodbyes and it's time for us
To try to walk alone
I'm falling back in love with you my darling
I'm sorry for all the things I said
All the pain I caused, with the things I did
To someone like you, that's kind of like me
Ooh, I think I'm back in love again
But I can never stay 'cause we drive each other away
And I think I'm back in love again
But we said our goodbyes and it's time for us
To try to walk
Ooh, I think I'm back in love again
But I can never stay 'cause we drive each other away
And I think I'm back in love again
But we said our goodbyes and it's time for us
To try to walk
Alone on a filed with no one there to guide
If this is love, I'm sure you'll find
The answer to your questions
Who knows what it will be
A day at a time to walk and to see
Ooh, and I think that I'm
And I think that I'm, ooh, I'm back in love
And I think I'm back in love again
But we said our goodbyes and it's time for us
To try to walk
I think I'm back in love again
But I can never stay 'cause we drive each other away
And I think I'm back in love again

But we said our goodbyes and it's time for us
To try to walk alone
