

# Happy You're Gone

## Placebo

Breathe me every time you close your eyes  
Taste me every time you cry  
This memory will fade away and die  
Just for today breathe me and say goodbye  
How many times? How many times?  
Now I can't look you in the eye  
Now I can't look you in the eye  
How many times? How many times?  
Now I can't look you in the eye  
See me in the eyes of another's child  
Turn away when you see me walking by once in a while  
This melody will fade away and die  
Just for today breathe me and say goodbye  
How many times? How many times?

Now I can't look you in the eye  
Now I can't look you in the eye  
How many times? How many times?  
Now I can't look you in the eye  
And I don't even want to try  
My, my, my, my  
'Cause every word from you is a lie  
My, my, my, my, my, my  
How many times? How many times?  
Now I can't look you in the eye  
Now I can't look you in the eye  
How many times? How many times?  
Now I can't look you in the eye
