

# That's Cool

## Silkk the Shocker

Who you know could give it to you until you fall out  
When you wake up, go by the mall out  
Hop on the plane sperm or nothing never thawed out  
Have her saying my name like Destiny's Child, 'cause I go all out  
Speaking more sex than money so talk with  
your tongue out  
And sex unbelievable, plus the money never run out  
I'm a thug so I walk the street with my gun out  
Top up when the sun set, top down when the sun out  
Oh you want me, pushing up your number on the slick  
Try to make the scene when I was in front of the click  
How 'bout I pull the thongs off in the summer and shit  
Laughing at my joke when it wasn't even funny and shit  
She need a T-mac ms shaq she think that I ball  
She know I'm a real nigga, plus she love that I'm tall  
Checks again when she missed the phone, thinking I called  
She wanna fall for me look but she think I'm a dog  
Need somebody with some doe  
That's cool  
Who gon' keep it on the low  
That's cool  
Who gon' do you right  
That's cool  
You need a soulja in your life, that's right  
You need a lover and a friend  
That's cool  
Who got ya back to the end  
That's true  
Somebody that's off the chain  
That's cool  
Who could twurk that thang  
You wanna fuck that's cool but you gotta be the greatest  
Take me the Prada, buy my the latest  
Try it on the jet, fly me to Vegas  
The baddest bitch can't nann hoe fade this  
Paid bitch, in a gray six, made bitch  
Blinging about ten karats in the bracelet  
Face it stick your tongue out I let you taste it  
And if you broke when you see me nigga don't say shit  
'Cause I'm looking for a nigga that's filthy rich  
Yo name Silkk, that's cool I'm a silky bitch  
Lil' Mama stay shining like cuts in ice  
Off glass make you bust three nuts in a night  
And when I put it on ya, I hope you can stand it  
I need a tune-up daddy is you the mechanic?  
'Cause if you coming at me right with the real cash  
You can play with me all night like Dreamcast  
You need a lover and a friend  
That's cool

Who got ya back to the end  
That's true  
Somebody that's off the chain  
That's cool  
Who could twurk that thang  
Need somebody with some doe  
That's cool  
Who gon' keep it on the low  
That's cool  
Who gon' do you right  
That's cool  
You need a soulja in your life, that's right  
Your friends wonder why the house you never leaving  
They knew wut you gettin' in life now  
They wouldn't leave the house either  
See I'm a real ass chick I'm a stay by your side  
And when its time to ride for my man, I'm a ride  
Just be a down chick, 'cause you ain't gotta slave in fact  
Not cook, clean or nothing 'cause I got maids for that  
Just treat me how you wanna be treated  
'Cause if I suck it and fuck it you gon' beat it and eat it  
So I gots to put it on ya, have ya acting all silly  
Then try to convince yourself that you ain't catching feelings  
I need a girl who 'bout it and know how to hit it  
You ain't gotta scheme on the doe  
'Cause if ya cards right, you gon' get it  
Some chicks ain't real though  
Some niggas'll stunt  
I know what a woman need  
I know what a nigga want  
So keep it tight and fuck the world  
And who ever end up with me, that's one lucky girl  
Need somebody with some doe  
That's cool  
Who gon' keep it on the low  
That's cool  
Who gon' do you right  
That's cool  
You need a soulja in your life, that's right  
You need a lover and a friend  
That's cool  
Who got ya back to the end  
That's true  
Somebody that's off the chain  
That's cool  
Who could twurk that thang  
Stick it, ha ha ha, stick it  
Stick it, ha ha ha, stick it  
Shake it, shake it, pop it, pop it  
Brake it, rake it, nah, drop it, drop it  
Twurk sumin', work sumin'  
Keep it jumpin', but don't hurt nothin'  
North, South, East, West, shake it up  
I hope you don't expect it man
