Tension Head

Q

Everyday I wake up feeling this way
I take it downtown with all the action going down
I strike your match, strike your match, cook it upMy life I'm feeling so sick
I feel so fucking sick
Your lifeOn the bathroom floor
Try to get out and get right
Hustling little girls
Machine little boys
YeahGotta get out, gotta get out and get right
Gotta get out, I gotta get out no more
No more, no moreMy life I'm feeling so sick
On the bathroom floor
I'm feeling so sick
No moreYeah
High life, low life
High life, low life
High life, low lifeMy life I'm feeling so sick
I feel so sick no more
