

You Don't Miss Your Water ('til the Well Runs Dry)

Craig David

As I sail with you across the finest oceans
On our way to find the key to our emotions
Together, we will move the clouds to brighter days
Some people question what I say, try to break up you and me
But I know this love between us is growing stronger
You can call me whenever from wherever
Just remember that I'll be there
Through all the stormy weather
Us break up, never
No, we'll be together
Forever
You don't miss your water 'til the well runs dry
But I believe so strongly in you and I
Can't somebody answer me the question why
You don't miss your water 'til the well runs dry
As I close my eyes, sit back while reminiscing
Of when we used to fuss and fight, but end up kissing
There may be sad and painful times along the way
But in my heart, you'll always be everything and more to me
For I know this love between us is growing stronger
You can call me whenever from wherever
Just remember that I'll be there
Through all the stormy weather
Us break up never
No, we'll be together
Forever
You don't miss your water 'til the well runs dry
But I believe so strongly in you and I
Can't somebody answer me the question why
You don't miss your water 'til the well runs dry
For you are always on my mind
You are always on my mind
Girl, you know that you
You are always
You are always on my mind
You are always forever
You don't miss your water 'til the well runs dry
But I believe so strongly in you and I
Can't somebody answer me the question why
You don't miss your water 'til the well runs dry
You don't miss your water girl no
But I believe so strongly in you and I yeah
Can't somebody answer me the question why
'Cause you don't miss your water 'til the well runs dry, yeah listen
If you ever get the feeling
You wanna play around starting cheating, remember
You don't miss your water 'til the well runs dry
