Face to Face

I've tried to ask the question
Must be a million answers that just aren't there
You try to find yourself and I'll try to live my life
Well, I just don't care
Well, I just don't careTake a look at your life
Tell me can you say you've done no wrong?
Well, ask yourself the question
Do you realize where you belong?'Cause I've been down
And I've been out
And I've been there
Well, I've been down
And I've been outI've been down this road a thousand times
Nothing ever looks the same
It seems to me something more
That I might never seeI've been down this road a thousand times
Nothing ever looks the same
It seems to me something more
That I might never seeSomething more
That I might never seeA thousand times
A thousand times'Cause I've been down
And I've been out, yeah yeah
And I've been there
Well, I've been down, yeah
And I've been outWell, I've been down this road a thousand times
Nothing ever looks the same
It seems to me something more
That I might never seeI've been down this road a thousand times
Nothing ever looks the same
It seems to me something more
That I might never seeSomething more
That I might never see
