

# Dead or Dreaming

## Into Eternity

Led down the path of darkness  
A black trial of despair  
Entranced, lost momentarily  
Walking on  
End it all  
Walk that path again  
Fabricate my existence  
Into the unknown  
Confronting, accepting eternity  
End it all  
Walk that path again  
Is it over?  
Am I Dead or Dreaming?  
Occupy my time remembering  
the way it was  
Contemplate suicide  
End this life  
End this life now
